

# Josh Moore

josmoodev@gmail.com | github.com/josmoo | (913) 280-6183 | Overland Park, KS

## EDUCATION

---

**University of Missouri-Kansas City** Kansas City, MO

GPA: 3.6

*Bachelor's of Science in Computer Science*

*August 2024*

*Vice President of the UMKC CS Club*

*August 2023 – May 2024*

**Johnson County Community College** Overland Park, KS

*Associate of Science in Computer Information Systems*

*May 2021*

## RELEVANT EXPERIENCE

---

**Portfolio Website** *Personal Project*

- Further developed skills in HTML, CSS, and JavaScript
- Studied and practiced the FLIP animation technique (although didn't implement in final version)
- Learned and implemented the BEM naming convention

**Youtube Playlist Searcher** *Personal Project*

- Actively developing a web application that allows users to search their playlists
- Utilized Google's public API to retrieve data from YouTube
- Learned and practiced HTML, CSS, and JavaScript
- Hosted for free on GitHub pages for anyone wanting to search a YouTube playlist

**RuneLite** *Open Source Contributor*

- Developed and currently maintain a plugin for RuneLite's open source plugin hub
- Provide 6,500+ active users quality of life and accessibility via a customizable reminder application
- Quickly learned and utilized RuneLite's API calls
- Complied with RuneLite's coding format and coding conventions
- Implemented new features requested by users

**Cerner** *Intern - Software Engineer*

- Worked on a team that maintained an app built on Spring that provided interoperability between Cerner and other clients
- Resolved various bugs submitted by my team through Jira
- Reviewed teammates' code through Github
- Built unit tests for both my own and teammate's code using Mockito
